Modular Screens

About

Desktop screens allow employees to be more focused on their work by helping to cut out colleague's distracting and irritating telephone or computer sounds, in addition to improving office acoustics. Free standing floor screens provide visual, physical and acoustic barriers in any workspace by separating parts of the office into teams and groups or creating quiet work zones and breakout areas in open plan spaces.

Select the fabric screen style that best fits your needs to divide space in open areas

Vibe fabric designer desk screens to prevent day-to-day distractions

Aluminium frame desktop screens have a choice of fabric or acrylic panels

Acrylic screens allow people to communicate effectively and light to pass through

Modular screens are a perfect replacement for the lack of internal walls in many offices

SCREENS

FABRIC WRAPPED STRAIGHT DESK SCREENS

Whether dividing desk space or an entire office area, office screens provide an element of privacy for employees, allowing them to be comfortable while they work. Our fabric straight desktop screens are a cost effective way of dividing desk clusters and are supplied with brackets to fit all 25mm desktops. A universal bracket is available as an optional extra to mount screens to different manufacturer's desks.

30mm thick with a layer of foam between outer fabric and melamine core

Combines a slim profile with a robust and durable construction

Desk mounted screens use standard desk brackets which come as standard

When using as a return screen order ESRB (see page 122)

SCREENS

ALUMINIUM FRAME FABRIC DESK SCREENS

Aluminium frame screens are an excellent addition to any modern desk and office furniture to provide a degree of privacy to desks which are in close proximity to others. Frames are available in silver, white and black so you can synchronise with the desk legs, with matching brackets that fit to the back of desks or desk returns. Fabric screens are stocked in blue with made to order fabric options.

30mm thick with robust aluminium frames for additional stability

Fully upholstered options or glazed semi-transparent perspex screens

Available for all size desks with additional screen sizes for the desk returns

Brackets available in black, silver and white to match frames

Vibe is a range of made-to-order, designer office screens, available in a multitude of fabric colour options. Vibe screens combine a slim profile with a robust and durable construction to improve the layout and function of any office and they are ideal for use with bench desking with the modern trend of having screens shorter than the desk length, with universal desk brackets that come as standard.

35mm thick with an additional foam layer between outer fabric and MFC core

Made to order, designer desktop screens which are elegant, modern and stylish

Hand crafted, exposing the edge of the stitch detail on a radius corner

Supplied with standard 25mm clamp brackets to fit 25mm desktops

Acrylic screen toppers have been designed as an add-on to existing fabric or aluminium frame desktop screens to quickly, easily and at minimal cost convert your existing screen into a barrier screen. The use of acrylic not only allows light to pass through the office but work colleagues can also see each other, plus the additional 300mm of increased height is a solution to help keep employees safe.

Add-on top of existing screens with universal brackets supplied

Suitable for use with all screen widths 15-30mm wide

Provide cough and sneeze barriers between employees to help stop germs spreading

5mm thick acrylic topper to still allow visibility between colleagues

Slide on desk dividing screens are available in a selection of acoustic materials to allow employees to define their own boundaries and provide an additional barrier to help prevent the spread of airborne diseases. They are available as one size to clip on and rest on desktops, table tops and workstations to negate the need to reconfigure existing spaces by applying appropriate distance between people.

Frameless design which is easy to attach and slide on to any desk or table

Slide-on dividers can easily be moved to compliment the needs of the agile workspace

Perfect to provide privacy, acoustic properties and a touch of style to your workstation

Acoustic divider manufactured using a minimum of 65% already recycled waste material

The Piano Keys Screen is a breakthrough alternative to traditional floor screens that is changing everything - from the minds of office planners to the hearts of designers. The free-standing screen is made up of three individual acoustic blinds which stand on a sturdy base plate. The fabric covered acoustic panels rotate fully 360° to provide visual protection when closed, or open the space up at any given time.

Free-standing office screen with silver base and three rotating panels

Screen unit can be positioned in a row or at 45° angles for different directions

Fully upholstered panels in a range of fabrics with excellent acoustic properties

Lightweight, simple to install and easy to manoeuvre for enhanced privacy

SCREENS

FABRIC WRAPPED FLOOR SCREENS

Free standing floor screens are available in three different sizes and are used to break up the appearance and divide the space without losing any of the benefits of the open plan layout. Fabric wrapped floor screens also provide the operators with an element of seclusion and privacy and can be joined together with the linking strips for connecting 2 screens or 4 screens together.

∞ Return screens not suitable for back-to-back desks with sliding tops

† Return screens not suitable for 600mm straight desks

Fabrics specified for their acoustic properties are ideal for wall coverings, suspended ceiling panels, desk mounted or free standing screens. The job of the fabric is to allow sound to pass through cleanly, or provide a degree of absorbency, which allows the specialist acoustic system behind to do what it needs to do.
